5. HANDLING PRECAUTIONS: Care should be taken when moving master rolls due to their size and weight.
6. FIRE HAZARD: Non flammable.
7. EXTINGUISHER TYPE: Applicable only to type of fire.
8. WASTE DISPOSAL: To be disposed of by an approved waste contractor to a licensed tip. Aluminium foil can be recycled.
9. STORAGE: Store master rolls on sides. Ensure master rolls do not collapse or cascade over when stacked. Block and tie down securely.
10. GENERAL: Do not leave waste foil on the floor. Ensure good housekeeping to avoid slip hazard.
