

REF: AS 218TT PCL Cloth Tape - Standard Grade.

DESCRIP: A standard grade laminated polyethylene cloth tape coated with an aggressive natural rubber/ resin adhesive.

<u>SPEC:</u>	<u>Tape Thickness:</u>	195µm
	<u>Standard Length:</u>	50m
	<u>Tensile Strength:</u>	35 N/cm
	<u>Elongation at Break:</u>	30%
	<u>Adhesion to Steel:</u>	14.5 N/25mm (AFTER 24 HOURS)
	<u>Adhesion to Self:</u>	6.5 N/25mm
	<u>Service Temperature:</u>	-5 ° C to + 60 ° C
	<u>Application Temperature:</u>	5 ° C to + 45 ° C

Uses: Ideal for the edging of sealed units, carton closure, drum and keg sealing. It is widely used in the thermal insulation and construction industries for sealing applications, especially for asbestos removal enclosures. The adhesive bonds well to most surfaces, especially polythene bags etc.
